## **DETAILED ACTION**

### ***Acknowledgment***

1. The amendment filed on 8/13/2004 has been entered.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Andrew Parial on 9/2/2004.

The application has been amended as follows:

Claim 10, line 1, change number "8" to – 1—

Claim 18, line 1, change number "17" to – 16 —

### ***Allowable Subject Matter***

3. Claims 1-6, 9-10, 12-13, 15-16, 18 and 21-30 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach the apparatus for moving a container as recited in claim 1, which includes first and second side members connected to a handle section. The apparatus for moving a container also includes a first clamping member and a second clamping

member, which are spaced apart from one another and rotatably connected to the first and second side members. The apparatus for moving a container also includes ratcheting mechanism means for moving the first and second clamping members, wherein the first and second clamping members are adjustable in a transverse direction by the ratcheting mechanism. The first and second clamping members also clamp the container therebetween in a clamping engagement. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
